## Build Your New Home

### 4 Simple Steps

1

#### Home Site/Home Design Selection

Visit with our onsite agents to select a home site perfect for you. Then discover the best new home design for you and your family. StoneHouse offers single and two story homes with 3, 4, or 5 bedrooms, bonus rooms and much more. All designs have a full 2 car garage. Three sides brick is standard per plan. Custom wood cabinets through plan.

2

#### Financing

Our lender partners for SaddleHorn are Jefferson Bank and RPM Mortgage. They will help get your construction loan and permanent loan in place before we start to build your new home. This takes the guess work out of the process. You own your home as it's being built. This can save you thousands of dollars in cost associated with financing.

3

#### Interior Décor

You are encouraged to visit our Design Center and meet with our Interior Design Team. This is one of the many free services available to you when you build with StoneHouse Builder.

Our team will help you select the options and standard products that help give your home that custom feel.

4

#### Getting Your New Home Under Construction

- Select the home site to build your new home on.
- Select a home design that best fits your needs.
- Make loan application and secure your construction financing
- Meet with our Design Team to select the finish out materials of your new home
- Join StoneHouse at the ground breaking ceremony of your new home
- Homes typically take 3-4 months to build. See your Builder for details.
